Feb 2nd 1976

Please do not allow yourselves to get caught on the obvious short-end of Death Penalty "Constitutionality". Also, I wish that Douglas would clear himself of "goat" in that Delay & Decision of June 29th 1972.

For once be more positive & conservative than any Re-actionary of Nixon's. Beat 'em down with the simple Argument that 1972 was a "Fix" to escape accumulated Evils....but that DUE PROCESS has suffered instead.

That "death" must be retained as clear-cut Decision-Maker, a positive catalyst in the flux of Civilization. That the Expedient of 1972 is clearly no longer an expedient.
